R.O.E.S.

**MAKING ORDER ENTRY SIMPLE,
AND AFFORDABLE**

INTRODUCING R.O.E.S.

Sure, you could pay 3-4 times more for a window and door order-entry system that takes years to fully implement and is too cumbersome for most retailers to use.

But why would you?

It's time for a new paradigm!

The Remote Order-Entry System (R.O.E.S.) by AMS is the most intuitive, flexible, turnkey order-entry system

on the market today.

Specifically built to meet the unique needs of window and door dealers, R.O.E.S.

offers all the functionality of the leading systems at a fraction of the cost...

and none of the headaches.

R.O.E.S. is –

- **Virtually turnkey** – can be fully deployed within 60 days at most sites
- **Stunningly flexible** – drawings shown to-scale; easily adjusted color combinations; intuitive screens; retail and wholesale pricing displayed side-by-side; and more
- **Retailer-friendly** – manufacturers will delight current retail clients, and attract new ones, with the simple, online ordering process
- **Customer-friendly** – retailers can show in-store customers their options on-screen before placing their order
- **Refreshingly affordable** – you'll be amazed at the savings in system costs, reduced training and manpower!

Boost your bottom line with a simple, cost-effective solution that –

- Reduces order-entry time and complexity
- Improves order-entry accuracy
- Enhances customer service, confidence and retention, *and*
- Gives you a competitive edge
